Chapter 3—Utility and Private Line Location
and Relocation**

ORDER OF RULEMAKING

By the authority vested in the Missouri Highways and Transportation Commission under sections 226.020 and 227.240, RSMo 2000, the commission amends a rule as follows:

7 CSR 10-3.010 Location and Relocation of Utility Facilities on
State Highways is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 15, 2002 (27 MoReg 2058–2063). No changes have been made to the

text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission secretary received two (2) comments to the proposed amendment.

COMMENT: John F. Medler, Jr., on behalf of Southwestern Bell Telephone, L.P., requested that the minimum cover requirements for fiber optic crossing encased in polyethylene (PE) pipe be reduced to a depth of forty-two inches (42"), equal to the minimum cover for steel or other rigid conduit.

RESPONSE: The current minimum cover for fiber optic cable crossings encased in polyethylene (PE) pipe is seventy-two inches (72"). This depth is necessary for the protection of the product or cable as polyethylene is more susceptible to damage than steel or other rigid conduit.

COMMENT: David B. Abernathy, on behalf of Missouri-American Water Company, submitted a letter indicating that the company concurs and shares the comments of Southwestern Bell Telephone, L.P.

RESPONSE: See response to above comment.

**Title 7—DEPARTMENT OF TRANSPORTATION
Division 10—Missouri Highways and Transportation
Commission
Chapter 3—Utility and Private Line Location
and Relocation**

ORDER OF RULEMAKING

By the authority vested in the Missouri Highways and Transportation Commission under sections 226.020 and 227.240, RSMo 2000, the commission adopts a rule as follows:

7 CSR 10-3.040 Division of Relocation Costs is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on November 15, 2002 (27 MoReg 2063). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission secretary received comments from three (3) separate entities on the proposed rule.

COMMENT: John F. Medler, Jr., on behalf of Southwestern Bell Telephone, L.P., requested deleting the wording in subsection (1)(B) which makes reference to right-of-way of a public road or street so that the subsection only makes reference to state highway right-of-way and also requests subsection (1)(B) include wording to the effect that a state highway purpose "shall not include a relocation necessary to accommodate a private development, a sidewalk, a bike path, a landscape median, aesthetic improvements, a nature trail, a sound-wall, and other similar non-highway purposes." Southwestern Bell Telephone, L.P. also suggested that subsections (2)(B), (2)(E), and (3)(E) violate the Federal Telecommunications Act of 1996 in that these sections treat privately-owned telephone companies differently than city-owned telephone companies and recommends that the rule should have a specific provision which states, "utilities owned by governmental entities or political subdivisions shall, in all respects, be treated the same for reimbursement purposes as privately owned utilities." Further, Southwestern Bell Telephone disagrees that the cost of this proposed rule will not exceed five hundred dollars (\$500) in the aggregate.

RESPONSE: The rule as proposed by the commission does not alter the current practice of the commission reimbursing utility companies

for relocation of utilities on private easements. This proposed rule simply clarifies the current practice that whenever a commission project requires relocation of a utility on any public right-of-way, including city or county right-of-way, the relocation is at the cost of the utility. Since this proposed rule does not alter the prior and current practice with regard to the cost responsibilities, the rule does not result in an additional cost to private or public entities. A utility's interest in a city street right-of-way is not different in nature than a utility's interest on commission right-of-way and is not akin to a private easement. In addition, the commission cannot state that a highway purpose will never include a private development, a sidewalk, bike path, landscape median, aesthetic improvements, a nature trail, or a sound wall since under some scenarios all could be considered a highway purpose.

With respect to subsections (2)(B), (2)(E), and (3)(E) a city utility moving from city right-of-way is the same as a private utility moving from private easement for which the commission provides reimbursement. The commission does not agree that allowing city or county owned utilities certain repayment options are the types of actions prohibited by the Federal Telecommunication Act of 1996.

COMMENT: Michael F. Barnes, on behalf of Ameren UE, requested deleting the phrase "public road or street" from subsection (1)(B). Ameren UE further alleges that subsection (1)(B) is in direct conflict with statutory law and the "Master Reimbursable Utility Agreement," is overbroad, and is an unfair expense for the utilities in its assertion that when the utility facilities are on state right-of-way, "the relocation must be effected at the expense of the utility." Ameren UE asserts that statutes give the commission the discretion to charge utility relocation to parties other than the utility company and that in the past the company has been required to pay for relocation of its utility facilities for "enhancement" purposes rather than customary highway construction and maintenance purposes." Ameren UE requests subsection (1)(B) be changed to read "When the utility facilities are on state highway right-of-way, the commission may order that the relocation be effected at the expense of the utility to the extent required by essential highway construction and maintenance requirements. The utility shall not be required to pay for relocation to the extent required by non-essential highway construction and maintenance." Further, Ameren UE suggests section (4) contradicts subsection (1)(A) and requests section (4) be deleted.

RESPONSE: The commission refers to its above response to comments received from Southwestern Bell Telephone. In addition the commission does not agree that the rule conflicts with any master reimbursable utility agreement nor does the commission find a conflict between section (4) and subsection (1)(A). Section (4) does not state that the commission will not pay for future relocations.

COMMENT: David P. Abernathy, on behalf of Missouri-American Water Company, submitted a letter stating that the company's comments were consistent with those expressed by Southwestern Bell Telephone and Ameren UE.

RESPONSE: See above responses to comments received from Southwestern Bell Telephone and Ameren UE.
